Begin your tour with us as your safari dreams start to become a reality. You'll join us for a briefing on the fantastic journey we have planned together as we introduce you to your friendly and knowledgeable guide. With these enjoyable formalities over, it's time to get going!

So many extraordinary safari experiences start and finish in Maun, Botswana's major gateway for visiting the Okavango Delta. It's an interesting town, with decent restaurants and accommodation, as well as shops selling everything from souvenirs to supplies for heading out on safari. The town is strung out along the pretty Thamalakane River.

Day 2 & 3

Khwai Concession

An early wake-up call signifies your last day of the place followed by a light breakfast before the morning activity. You will be doing the activity whilst driving to the next campsite which is at Khwai Concession. Khwai is part of Moremi Game Reserve, the Khwai Concession sees fewer crowds than some other areas of the reserve, but it's just as good for seeing wildlife. Leopards, lions and elephants are among the wildlife possibilities, while seeing giraffes and zebras is almost certain. The combination of woodlands and open grasslands is perfect for spotting wildlife, and the Khwai River is excellent too.

Travels 3hrs to the next camp whilst sightseeing the Flora and Fauna.

Day 4 & 5 Savuti

An early wake-up call signifies your last day of the place followed by a light breakfast before the morning activity. You will be doing the activity whilst driving to the next campsite which is at Savute Reserve in Chobe National Park. Truly at the interior of the park, Savute boasts most of the chobe species, except for water-loving antelope. It is best known for its predators, particularly lion, cheetah and hyena, of which there are large resident populations. Savuti is where you'll go looking for two giants of the natural world, lions and elephants. These two have always brought much drama to the area, especially because the lion prides here were once one of few in Africa to successfully bring down elephants. There are lots of other animals too, as well as iconic landscapes like Leopard Rock, the Savuti Marshes.
